BOARD MEETING

Board Meeting February 12, 2015 7:05 – 8:15

Phil, Don, Karen, Jim, Cindy, Jerry, Vic, Ted, Eleanor, Steve, Dr. Doug

Chapter clothing – Decided on cotton shirt w pocket. Order form will go out with the January newsletter and copies will be available at Chapter House. Deadline for order will be March 31 and must be prepaid. Plan is to have everything ready for our first major function which is the WWII reenactment on May 15. We will only be ordering Jacket, polo style shirt and hats. Jacket and shirt will be blue. Prices are: Jacket \$41 / Shirt \$31 (xxl \$2 – xxxl \$3 extra) / hat \$12.

March OSH Work party – Current count is 13 with several move maybe's. Will be leaving the morning of March 27 and returning the evening of March 29. Still trying to figure out the best way to transport (15) members.

Larry Hursh would like to use the Chapter hanger temporarily. Board approved so as long as he joins Chapter 132 and pays hanger rent (\$50 month).

Lights – questioned if we need to do anything with the Chapter House lighting. Possibly different lens and / or new lamps. We believe we have some spare bulbs (somewhere) we can use to replace any which are burnt out. For now that is all we will do and will observe for any future needs.

Honoree Banquet – We investigated two possibilities. The Matterhorn quoted \$22 per person but that did not include desert or the rental cost of the room which is \$100. They also require a \$250 deposit. 4 Lakes also quoted \$22 per person which included desert and there is no cost for the room. It was decided to stay with 4 Lakes. We know the food is very good and they have taken good care of us in the past. Karen will get back with them to confirm. Cost per member will be \$25. Extra is to take care of honoree and guest's dinner and the cost of the plaque.

Phil will be taking care of the February meal.

It was decided to once again have a pot luck for the June meeting which will be held at the Chapter Hanger.

Meeting was adjourned at 8:15.

NOTE: After our Christmas party and everything settled down there were some "Thank You's that got left out and we need some other Thank You's to be said. Thanks to Ted we had a really nice Christmas Party at the AirPort office, with great food. Also with wonderful dessert from Eleanor Woodall and very color and tasty Cupcake made by Heather Bangtson (Phil's Girlfriend). We also would like to Thank Andy for the use of the Airport Office, tables, and Chairs. Thanks to everyone who came together and put everything together at the last minute.

NOW if Winter would ever get the hint and "Get out of here!" And Spring would come in!

JANUARY MEETING

Monthly Meeting 1/29/15 23 Members present

6:30 Dr. Doug and his bride Tabatha provided the meal for the evening. Two different chili's (Gringo and hot), cornbread, veggies, chips and cherry pie. Thanks to both for providing the delicious meal for the group.

At 7:05 Phil called the meeting to order. There was no December meeting due to Christmas and the January board meeting was canceled due to some nasty weather. The December board meeting minutes were read.

Phil suggested two March weekend dates for the OSH work party. The weekend of the 14th and the 28th. The weekend of the 28th was the more popular of the two so Phil will be contacting HQ to set things up.

The Honoree Banquet meal was discussed. The Matterhorn is one option and the price quoted was \$21.58 per person for the meal with an additional \$100 for the room rental. Karen will be contacting 4 Lakes to obtain current pricing from them.

Dave Spence has graciously offered to donate a Woody Pusher project to the Chapter. Plans, fuselage and wood with much of the fuselage already completed. Sounds like a fun project once we get the Aluminum Angels and Cub projects finished. Project Updates:

Greg / Aluminum Angel / Zenair 750 – Close to engine run. Greg and Vicki will be attending the Rotax school in February. Don / J-3 Cub – Getting ready to spray.

Rod / Mustang – Working on getting engine started.

Jeff & Michelle / RV-14 – Working on fuselage.

Frank / Just – Received kit and is inventorying.

The ARUP project – There is still interest in this project but is on the backburner for now. We would like to find a set of plans. If anyone knows of whereabouts, please let us know.

May 15 & 16 there will be a WWII reenactment at the airport. Details have yet to be finalized and it is yet to be determined if the Chapter will be able to provide breakfast and / or lunch.

Chapter clothing samples were once again passed around. It was decided to go with the color blue. There is a Lightweight jacket, two types of polo shirts. The men's will have a pocket and ladies will not. One is cotton and one is that new fancy microfiber material. XXL will cost an additional \$2 and XXXL and additional \$3. The Chapter will purchase some hats which will be available on an as needed base. Style and cost of hats has yet to be determined. Refer to the enclosed order form to place your order. Other than the hats we will not be keeping any inventory and due to shipping costs will not be making multiple orders. We plan on placing the order by April 1. Payment must be turned in with your order and order forms and payment may be given to any board member.

A reminder that 2015 dues are due and may be given to any board member who will see that they get to Jerry.

A monthly video from EAA was shown and the meeting adjourned at 8:10.

AT MY AGE "LUCKY" MEANS WALKING INTO A ROOM AND REMEMBERING WHAT I CAME IN THERE FOR.

LAST YEAR I JOINED A GROUP FOR PROCASTINATORS. WE STILL HAVE NOT MET.

LORD GRANT ME THE STRENGTH TO ACCEPT THE THINGS I CANNOT CHANGE, THE COURAGE TO CHANGE THE THINGS I CAN AND THE FRIENDS TO POST MY BAIL WHEN I FINALLY SNAP.

As the long, dark days of winter slowly drift toward the brighter and warmer days of spring, aviators across the northern half of the nation eagerly await a new flying season. Of course, we fly year-round here in Wisconsin; a cold, clear winter day can be a great time to fly. Unfortunately, I only flew three days in January, and February isn't looking much better. So much for a winter flying season!

The spring flying season arrives when we no longer need to shovel the snow in front of our hangars, preheat our airplanes, and dress in layers to keep cozy in the air. The spring flying season is also the start of the Young Eagles season for many pilots.

I hope your flying dreams are realized as the days grow longer and you remember why you learned to fly. Go fly and commit acts of aviation! May the upcoming season invigorate your senses as an aviator and stir the passion we all feel when we take flight. I encourage you to share that feeling with the next generation by taking a young person flying.

As in past years, EAA encourages all pilots to fly at least 10 Young Eagles per year, a goal we hope you'll work toward in 2015. And remember, no matter how many Young Eagles you fly, you're still making an impression on a young person and helping to inspire the next generation of aviators. Thank you for your continued support to the Young Eagles program and the future of aviation. If you have questions or comments, feel free to contact me at bolena@eaa.org or 920-426-6297.

Brian O'Lena - Manager, Young Eagles and Eagle Flights

This was reprinted from the Monthly EAA News letter. International Young Eagles Day is June 13, 2015, the Young Eagles have flown a total of 1,905,482 Young People since they started this program. That is a lot of Young People to give rides to and to get their interest in Aviation started.

Our Young Eagles Day is June 6, 2015 at the Elkhart Airport, by the Chapter House. We will fly from 9:00 to Noon. Lots of help from Pilots to fly Kids to Ground Help. Let Doug Busch know if you can help in June, he can use all kinds of help. Also any one from age 8 to 17 can go for an airplane ride.
