Saturday Morning: The EAA Kitchen is OPEN. We will be asking for help in the kitchen, doing some of the breakfasts and help with the cooking. I have a schedule made out for you to sign up for a Saturday to cook. If everyone takes their turn and share the load then a couple of people won't have to do it all. There will be a list of what has to be done, but YOU can make up your own Menu of what you want to fix. It is nice having a different menu each Saturday, but we do need help. PLEASE HELP US OUT. Let me know which Saturday you would like. I have December openings and LOTS of opening for January, February, etc ~~~~~

Notes of Interest:

There will be no meeting in November because of Thanksgiving.
Because of the Holidays there will be no Vortex in December and no meeting. Our next meeting will be January 28, 2016. Hope to see you then. Have a wonderful Holiday Season!

October General Meeting 10/29/15

Our monthly meeting was held at the Elkhart Airport Administration Hanger located next door to our Chapter Building.

There were 29 members and guests in attendance.

At 7:00 p.m. a short business meeting was held, led by our VP Ted.

The December 5, 2015 Christmas Party is fast approaching. It will be held again this year in the Elkhart Airport Administration Hanger thanks to the generosity of Andy and the City of Elkhart. The meal will once again be catered by the Matterhorn. Happy hour will start at 6:00 p.m. and the meal at 7:00p.m. The cost is \$15.00 per person and must be pre-paid to Vic. This will be strictly enforced so please get your \$ to Vic.

The Saturday morning breakfasts have resumed with a different member hosting each week. Although this has worked out well so far the sign up sheet has many blank dates after the month of October. We would all hate to see this stop due to a lack of participation so please step up and volunteer. Any expenses will be reimbursed and you are free to choose your own menu.

The Woody Pusher project donated by Dave Spence has been moved to the Chapter Hanger. We will start on this in the near future.

The Aluminum Angle is ready for it's first flight. Weather permitting; this will take place Saturday October 31, 2015.

The evening's program was a FAA FAAST seminar presented by Sam Heater and Tim Sokol. The theme of the evening was on Fuel Management entitled "Got Fuel". Sam discussed the responsibilities of the PIC and Tim discussed the mechanical side of things. Both were very knowable and entertaining.

During the break a snack of meatballs, cheese & crackers and deserts were provided by Jim & Cindy. Lowell & Gail brought some candy corn and Andy provided cider and cookies.

The evening program ended at 9:20 p.m. with no damage done to the coat rack.

The Holiday Story for this year:

How To Get the Family Home for the Holidays

A man in Phoenix calls his son in New York the day before Thanksgiving and says, “I hate to ruin your day, but I have to tell you that your mother and I are divorcing: forty-five years of misery is enough”.

“Pop, what are you talking about?” the Son screams.

“We can’t stand the sight of each other any longer,” the Father says. “We’re sick of each other, and I’m sick of talking about this, so you call your Sister in Chicago and tell her.

Frantic, the Son calls his sister, who explodes on the phone. “No way they are getting divorced!” she shouts, “I’ll take care of this.” She calls Phoenix immediately and screams at her father, “You are not getting divorced. Don’t do a single thing until I get there. I’m calling my brother back, and we’ll both be home for Christmas. Until then, don’t do a thing. DO YOU HEAR ME?” And hangs up.

The old man hangs up his phone and turns to his wife. “Okay,” he says, “They’re coming for Christmas and paying their own way!”

Have a Happy Thanksgiving, A Very Merry Christmas, and

A Happy New Year! Enjoy a Safe and Happy Holiday Season!
